

Here are some references you can contact who have adopted through IAG. All are listed by state and the order from top to bottom in each state is listed from recent to “not so recent”.

Please contact as many as you wish, from your state, or anywhere in the US. This is a list of full time references for us. If you don't see anyone from your state, we can provide some additional names for you of parents that have adopted through us but don't have the time for all the email contacts that this list can generate.
